The disorder was epidemic, frea time, and attacked alike the irreligious and the pious, those who believed in it and those who did not. Bear in mind, then, please, the weight of the rope, and perhaps the best way of doing this is never to let out any rope at all if it is to lower you to dangerous places.

Why Men are Bald. "Fifty years ago it was an un-

"Oh, come off! You want us to ask how such a thing could be, and then you'll explain that the whirlwind wound your watch up so tight that it ran for seven years."

"I didn't say the watch was still running," said the story-teller, as he lighted another bacillus exterminator. "I had reference to the tailor's bill. It is running yet, in fact.
